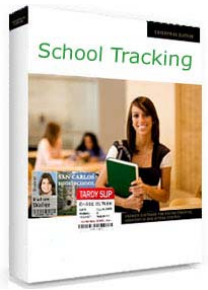
School Tracking Software



Innovative Student Attendance & Tardy Tracking

This School ID Tracking Software is a robust solution for managing student attendance on school campuses. Track student attendance and tardiness, issue tardy slips and hall passes, assign warnings and detention. Parents can receive e-mail notification of any infraction occurred. Process late students quickly and automatically assign and manage detention for repeat offenders. Produce professional photo ID cards and paper badges. Easily deploys campus-wide and integrates with existing systems.

Complete Tracking Solution

- Track students attendance and tardiness
- Issue student ID cards, tardy slips and hall passes
- Assign warnings and detention
- E-mail infraction notices to parents
- View and print detailed reports
- Print school evacuation reports
- Integrate with existing systems

THE SCHOOL TRACKING SOFTWARE ADVANTAGE

Verify Student Attendance

This School tracking software offers all of the necessary tools to manage student records, issue ID cards and track student attendance. Take class attendance by scanning ID cards with portable scanners. Mark students absent or tardy. Automatically generate detailed attendance reports.

Manage Late Students

Scan a student ID card or look up the student's record to quickly process a tardy student and issue a hall pass. Penalties and warnings can be automatically generated. Parents can be automatically e-mailed when a violation occurs.

Secure Events

Control and monitor access to your events. Scan student ID's and know who attended your events. Configure flexible access rules to manage who may attend. Print personalized wristbands. Generate evacuation reports. Issue Professional ID Cards and Badges. Design professional photo ID cards and visitor badges using the built-in badge design software.
